NAB Eastern Branch is closing

We're always listening to our customers and making changes to our services based on how and where they want to bank. Increasingly our customers in this area are choosing the convenience of telephone and online banking, or nearby branches. As customers bank differently, NAB will continue to adapt.

Because of these changes, we've made the decision to close our NAB Eastern branch at Farrer House, 24-28 Collins Street, Melbourne on **Thursday, 9 October 2025**. Of course, we'll keep helping you bank in other ways, and make sure this change is as smooth as possible for you.

Where else can I bank?

If you'd still like to do your banking face-to-face, you've got options.

Why we made this decision

Closing a branch is always a decision and we understand the change can be an adjustment for some customers. Before the decision was made, we took a lot into consideration.

Here are the main reasons

- Over the past few years more customers are choosing to do their banking online or use nearby branches
- Approximately **68%** of our customers in **Eastern Branch** have only visited the branch once in the last year
- More than **82%** of customers are also using other locations

How is banking changing?

To give you a bit more context to our decision, here’s how our NAB Eastern customers are banking:

74%

who use this branch are registered for online banking (including mobile app) and/or telephone banking.

91%

of those registered for online banking (including mobile app) and/or telephone banking are active users.

5%

rely on branch-only banking and no other methods.

81%

of over the counter transactions completed at this branch that can be completed at the Post Office.

How are customers using this branch?

Branch visitation over the last year*

Customer segment	Regular (3+ visits)	Heavy (12+ visits)
Personal bank customers	418	68
Business bank customers	172	57

*January 2024 - December 2024

Number of personal banking transactions

Year	Cash withdrawals	Cash deposits	Cheque deposits
2022	1137	1135	413
2023	2926	2208	694
2024	3589	2273	525

Number of business banking transactions

Year	Business deposits	Cheque deposits
2022	1176	555
2023	1394	972
2024	3250	919

In addition to over the counter transactions that are measured at each branch, NAB also considers a range of factors including the number of appointments for home loans, personal loans and credit cards, inbound and outbound phone calls, account openings and maintenance, enquiries relating to internet banking and self-service, disputed transactions, suspected fraudulent transactions, enquiries about lost or stolen cards, supporting vulnerable customers with their transactions, customer complaints and more.

Due to the varying nature of the ways customers and colleagues interact with these products and services, as well as the multiple channels in which these can be accessed and measured, these are not captured as standard over the counter transactions, but are certainly considered when assessing how each branch is used.
