

Important information about this report

The information on the white background (headed CoreLogic's view) is about the housing market in the 12-month period to March 2017 for information about capital cities and to February 2017 for information about regional areas.

It was provided by RP Data Pty Ltd, which trades as CoreLogic Asia Pacific, but is referred to in this report as CoreLogic.

The information on the grey background (headed NAB's view) is provided by NAB Group Economics, taking into account data sourced until March 2017. It's our economists' view about the national capital city house and unit price growth over the next 9 months to December 2017.

NAB's view takes into consideration the March 2017 NAB Residential Property Survey of property market professionals. The survey asked participants to give their views on where they think house prices are expected to move.
