

### View details about your accounts

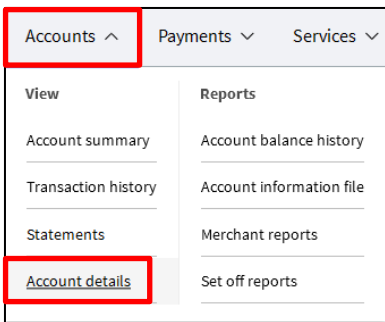

This quick reference guide shows you how to view your account details for your linked transactional accounts, credit cards or term deposits. It also lists what details you see for each type of account, and how to print or export them. Login to NAB Connect to get started.

## HOW TO

1. View your account details
2. Print or export your account details

### 1 View your account details

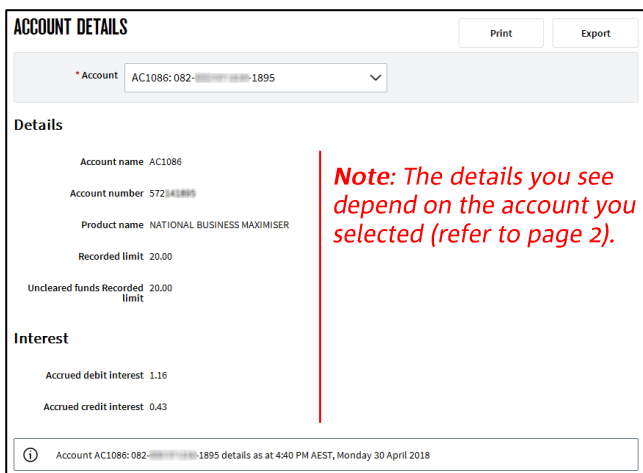

1. From the Accounts tab, select Account details to display the Account profile screen.

2. From the Account drop-down list, select the account you want to find out details about.

All of the details for the account display in the Details section.

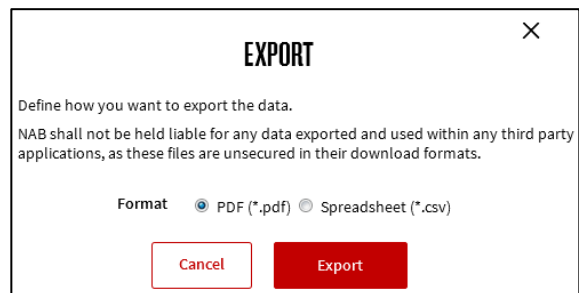

### 2 Print or export your account profile.

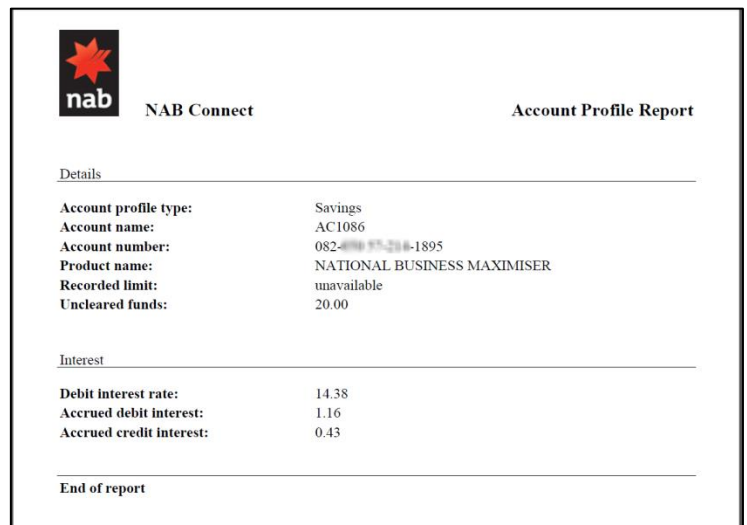

Click to print or export the account profile details.

- When you select **Print**, the **Account Profile Report** will generate and you can print to a hard copy or save as a PDF (if your computer allows).
- When you select **Export**, you can export the report into a PDF or a .csv format.

PDF format for printing or exporting:

.csv format for export:
