## Electronic Identity Verification

If you are new to NAB we will need to verify your identity. NAB is progressively rolling out enhanced system capability to manage its identity verification process. We may be able to perform electronic verification in some circumstances, if you agree to it.

Electronic identity verification means that NAB may provide your name, address and date of birth to a credit reporting body (CRB), such as Equifax, and ask it to provide an assessment of whether the information provided matches information already held by the CRB. The CRB will use the information provided by NAB in addition to its own information to make its assessment. This is **NOT a credit check**.

In addition where identification documents such as Passport or driver's licence are used for identification purposes. NAB may contact the authority that issued the documents to verify them by using the Government's Document Verification Service.

You do not have to be verified electronically, instead you may choose to provide identification documents in person.
