Note 1: Sourcing Event (RFx) via SAP Ariba

- You may receive the Invitation email as part of invitation to participate in NAB Sourcing Event.
- For more information on RFX process in SAP ARIBA, refer to [The NAB Ariba Network RFX Response Guide](#).

Note 2: NAB Third Party Assessments

- You may receive a request to complete 'Third Party Assessments' in **Archer Engage** platform, following your S2C Registration or as a periodic review of NAB Third Party Assessment. This is a separate system and requires different login details.
- For more information on this assessment, go to www.nab.com.au/tpm.

Domestic vs International Suppliers

NAB currently transacts differently depending if you are a Domestic and International Supplier:

- Most **Domestic Suppliers**, will complete **both** Source to Contract (S2C) and Procure to Pay (P2P) registration in SAP Ariba. A very small number may only complete S2C, NAB will advise you as you are being onboarded and we will provide you with further instructions on how to submit invoices for payment via our other procurement platforms.
- If you are an **International Supplier**, only complete the Source to Contract (S2C) registration and advise your NAB Sourcing representative. We will provide you with further instructions on how to submit invoices for payment via our other procurement platforms.

Definitions

Domestic Supplier

ALL payments are:

- In Australian dollar (**\$AUD**); **and**
- To an **Australian bank** account.

International Supplier

ANY payments are:

- In a **foreign currency** (i.e. other than \$AUD); **or**
- To a **non-Australian bank account**.

Accessing your SAP Ariba account

This will enable you to collaborate and transact with NAB via the SAP Ariba platform

1.

Accessing your SAP Ariba account

NAB SAP Ariba email invitation

1 You will receive an **email invitation from Ariba** to complete the Supplier Registration Questionnaire for NAB. Ensure you have checked your SPAM or Junk Folder if you are unable to locate the invite.

2 Click on the link in the email message.

You can use the highlighted **keywords** to find the email in your inbox.

IMPORTANT

- Please check if your company already has an **existing Ariba account**.*
- NAB requires that the **same Ariba account**, identified by the Ariba Network ID (ANID), is used **for S2C and P2P registration** (i.e. same account to be used to respond to sourcing events and to receive PO and invoicing). Therefore, confirm with your **Accounts Receivable, Finance or Administration** teams.
- **Do not forward this email** - it is linked to your email address only.
- NAB recommends you use a **generic email address / shared mailbox** accessible by more than one person to prevent loss of data / logon access when a staff member leaves the company.
- If you believe another person in your organisation should be the one completing the supplier registration and respond to RFx, provide their contact details to [NAB Supplier Enablement Team](#), who can re-send the email invitation to the correct contact person.
- **Do not reply to this email** – direct your registration enquiries to [NAB Supplier Enablement Team](#).
